Eric, Eric,

The Attestation is specified in the Indemnification Agreement, and is very narrow. You can take a look and feel free to call with any questions or to discuss. The transaction documents do no otherwise speak to an Attestation from the Founders.

Thanks,
John

Eric,

Still trying to confirm with the deal folks if the Attestation comes from or has to come from Stroz or otherwise. Understand from John that if it does not come from Stroz, it is fine to retain the statements that were forward-looking.

In the last one, the knowledge qualifier is fine, but the materiality and relevance qualifiers seem like overkill. We do not recall agreeing to those points, and at this point, they are not acceptable. Happy to discuss (I should free up after 3 or so today).

Thanks.

Eric -- Attached is a revised version of the Attestation that includes changes that are consistent with our conversation from last week regarding this document. Please let us know if this is in final form. Thanks.

Subject: Project Zing - Founder Attestation edits

Please see attached edits to the Founder Attestation. Let us know if we missed anything that was discussed on our last call about this. There were a few provisions John had indicated were prospective and should not be in this Attestation if it was coming from Stroz. We left in and bracketed those provisions pending confirmation of who will present the Attestation.

Subject: Stroz/Addendum to Engagement Letter

Eric, Eric,

Following our call on Friday, enclosed is a form of Addendum to the Stroz Engagement Letter for your review. The Addendum would formalize DFLLP as Client of Stroz under the Engagement Letter, dated March 4, 2016, consistent with the parties' joint defense posture and in light of the common interests involved in the examination. Please advise if the enclosure meets with your approval, or provide any edits or adjustments to the document.

Thanks,
John
